The Year Of The Cougar

"A good school working to be even better," is the theme established by Crestview's new high school principal, Mr. Mike Ziegelhofer. This has not only become the theme of the administration and faculty, but a majority of the student body has also adopted the concept.

The community of the Crestview school district has become more involved in the quality edu-

cation of its youth. This has been displayed through the organization of the Academic Boosters of Crestview and the passing of the permanent improvement and the continual operating levies.

Several positive things have happened to Crestview High School this year thus justifying the Crescent's theme - "The Year of the Cougar."

CAT TAILS

Glory And Love

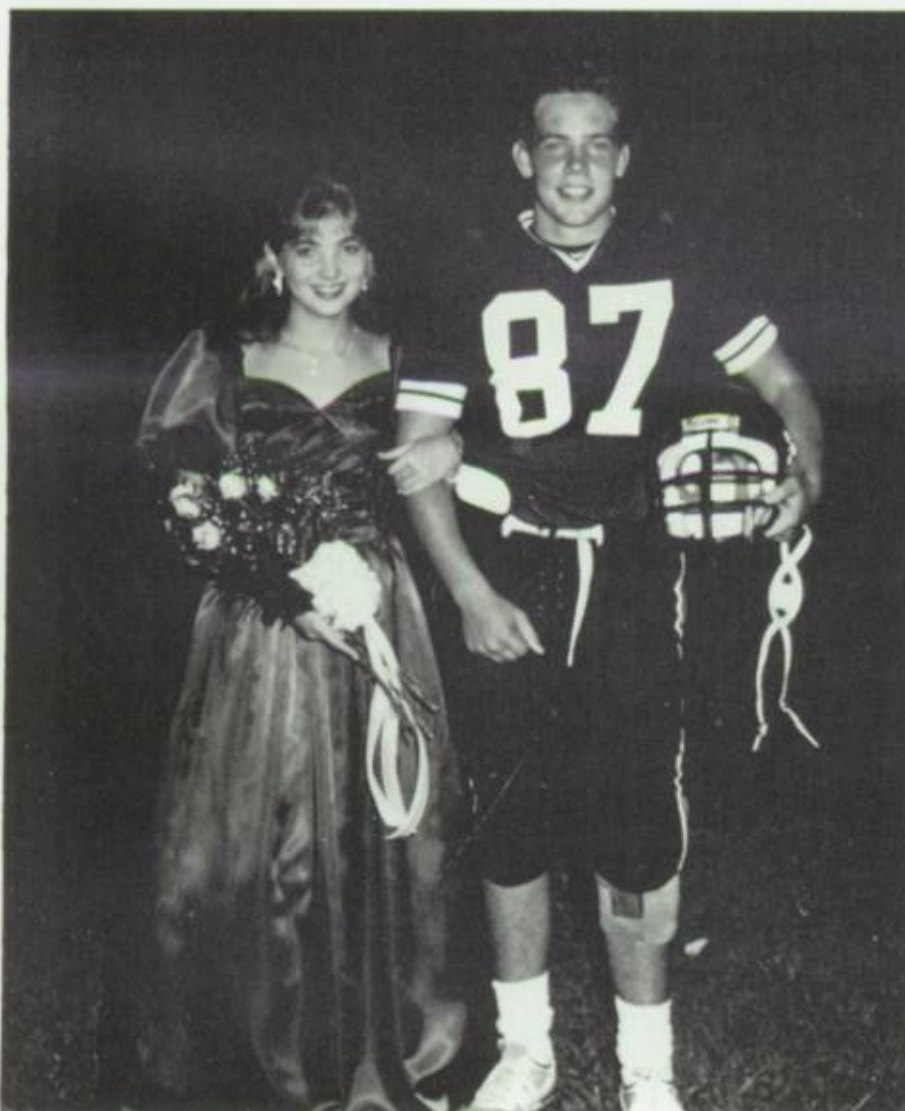

"It was a very special time in my life to be the 1986 Homecoming Queen."

Beth Bowman

The night of the homecoming game there was a threat of rain but that didn't stop Crestview in a 38-8 win over Mapleton. And it sure didn't stop the homecoming ceremony of crowning the king and queen before the Friday night football game started. The yearly tradition of the girls on the homecoming court riding around the track in cars was broken this year because of the new all-weather track. The following night after the football game was the homecoming dance. The theme of the dance was "The Glory of Love." There was a big turn out and everyone had a lot of fun. It was a memorable evening for all.

Beth Bowman and Dan Logan reign as the 1986 Homecoming King and Queen.

Angie Rummell and Steve Glaze are proud to represent their class as this years senior attendants.

1985 King, Frank Danals, is escorting 1985 Queen Jill Cox onto the football field. Frank has been an important part of the football team all four years of high school.

Homecoming attendant, Lori Smith, is escorted by John Conley. Lori is a part of the flags corps and drill team, and John has had outstanding track accomplishments at Crestview.

Tricia Workman and her date, Mike Blust, weren't doing much dancing at the Homecoming Dance because earlier that day Tricia sprained her knee during a volleyball game.

Dan Wolford, a varsity basketball player, escorts Tricia Schnitzer, who is a National Honor Society member and a reporter for the *Cougar's View*.

Homecoming attendant Rachel Scott, who is an accounting/computer student at Pioneer, is escorted by the Junior Class President, Chris Bisel.

Marching Band On The Move

A Step In The Right Direction

Amy Hershey and Wendy Enzor the bands first field commanders.

The Crestview Band approached the 1986 fall season with one goal — to be the BEST band that our school has ever had. Show one proved to be full of challenges, Band camp was full of hard work, hot sun, and Mr. Brand screaming.

It became obvious during the very first week of football season that there was some-

thing special about this year's group. The Cougar Pride's patented wall-of-sound horn line and vastly improved marching execution coupled with solid auxiliary work, created a truly exciting experience for both performers and audience.

Besides performing at all ten Crestview football games,

the band appeared at Brookside Park, Ashland County Fair, Millersburg Antique Festival Parade (third place trophy) and the Ashland Hall-of-Fame Parade.

Although they're losing a number of great Seniors, they are still looking forward to many new members and an excellent season next fall.

Twirling To Perfection Flags and Rifles

The Crestview Cougars' Flag and Rifle units had a very successful season this year. They began their hard work in July when they attended the Marching Auxillaries of America Camp. Many members were awarded Superior and Excellent ribbons, while four members won ALL-STAR ribbons. The Flags were awarded the GRAND CHAMPS trophy, as well as most improved unit.

During football season, the Flags and Rifles performed with the band at all football games, as well as parades and other functions. In November they performed at the MISS 10/Flags and Rifles

Captains this year were Ruth Robinson and Missy Enzor for the Flags, and Kim Sigafoos and Cathy Hartman for the Rifles. The Flags and

Rifles had strong units. The Flags had 10 returning and 6 new members. The Rifles had four returning and one new member. With a successful season behind them they are looking forward to the next football season and an even better year.

Junior - Senior Prom Memories Of "Never Say Good-Bye"

The 1987 Junior-Senior Prom was held on Saturday, May 16, from 7:30-11:00 p.m. in the high school gymnasium. The theme of the Prom, presented to the Seniors by the Junior Class, was "Never Say Good-Bye" based on the song by the group Bon Jovi. The colors were pastel and the couples enjoyed music by Sound System Enterprises.

The tradition of Grand March was held at 8:00 p.m. so that family and friends of those attending Prom could take pictures. Following Grand March everyone gathered around to hear the Roy-

al Court of Prom 1987 be announced. Crowned as Prince and Princess were Juniors Dan Wolford and Tricia Schnitzer. King and Queen were Seniors Stanton Boyce and Jill Cox.

After Grand March and the announcing of Prince and Princess and King and Queen, couples danced under the beautiful decorations or enjoyed some of the refreshments that were provided. At 10:00 the couples broke apart to observe the Garter Ceremony. The girls, on one side of the dance floor, took off their garters and placed them on the arm

of their dates, who were standing on the other side of the dance floor.

After the Garter Ceremony, everyone danced until 11:00 when Prom was then concluded. Couples then went to Post-Prom.

The Post-Prom was held at the Shelby YMCA from 12:00-3:00 a.m. Activities such as racketball, swimming, basketball, volleyball, or ping-pong were played.

Overall the 1987 Junior - Senior Prom was a great success and everyone had a wonderful time!

Crowned the 1987 Prom King and Queen were Stanton Boyce and Jill Cox.

Continuing the tradition set the year before, the Garter Ceremony was performed as the Prom quickly came to an end.

Prom Committee

Behind The Scenes

Mr. Staley helps behind the scenes on the decorating of the Junior-Senior Prom of 1987.

Prom committee consisted of: Angie Bond; Amy Swineford; Beth Garrison; Missy Enzor; Missy Johnson; Stacy Robertson; Janet Gilbert; Mindy Tennis; Jon Fulk; Chris Bisel; Melissa Bond; and John Conley.

The first step was to decide the theme for Prom. After deciding the theme, Never Say Goodbye, by Bon Jovi, with pastel outdoors decorations, the show was about to begin.

Next was filling in little de-

tails of decorations, invitations, food, post-prom, and the list continued. The juniors who wanted to help with decorating received permission to help two full days of school, before Prom.

Prom arrived, the Prom Committee had put together a beautiful evening. Many thanks to those who worked "behind the scenes" to make Prom night such a special occasion to remember.

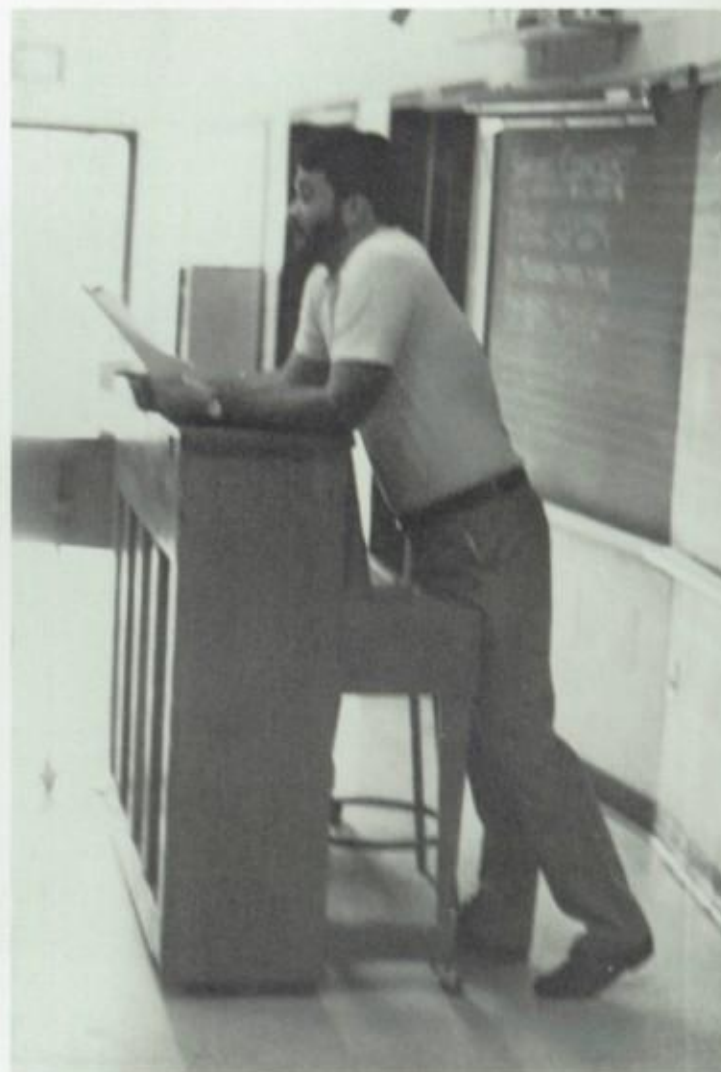

Matt Bernhard and Lisa Walters get down and enjoy the fun at their Senior Prom

Junior Class President Chris Bisel, and fellow juniors Danielle Smith, and Tonya Elliot, work to make Prom night a beautiful and special evening.

Brain Strain

High Level Learning

The Academic Challenge team was selected by Mr. Brand in the fall of 1986. From that moment on, the team members began working on their own and then very intensely as a group beginning in April. Mr. Brand had taped every Academic Challenge show for the team to observe and used a computer program called "Quiz Bowl". Doug Lawrence's past experience from the 1986 team was a big help.

The actual night of the show at Channel 5 went on without a hitch except for Don Webster's teleprompter which acted up.

As Mr. Brand stated, "The important aspect of this Academic Challenge team is that these were 5 really bright students who know what's going on."

Even though Ashtabula St. John came in first and Crestview second, it was a tremendous experience for all.

The team listens carefully to the many drill questions being asked.

FFA - Planning For Your Future

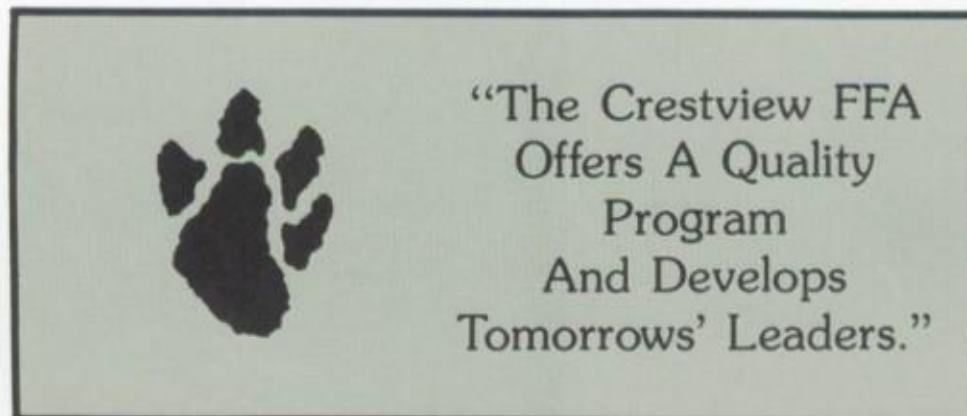

Leaders For The New Fields Of Agriculture

This year was a very active one for the Crestview FFA. Last summer two members, Mark Stackhouse and Joe Durkin, went to FFA Camp Muskingum.

Participating in the Washington Leadership Conference were Mark Stackhouse and Jon Fulk. While in Washington, they toured the capital and attended leadership oriented meetings. The FFA'ers met with the national officers, their Congressmen, and President Reagan.

The fall brought contest season. In the county contest, the Parliamentary Procedure Team received 1st place. In rural soil judging competition at District level, the participants received a 4th place. The Urban Soil Team received a 5th place.

At the beginning of the school year, 12 new Greenhands started FFA and were inducted into the

Crestview Chapter of the FFA at a parent-member meeting. In October, other activities included the annual fruit sales, where 757 boxes were sold and seed sales, which reached a peak of \$800.

Attending a Forestry Field Day was another activity participated in by the members during the school year.

In District competition, Matt Bernhard received 1st in Accounting and Diversified Livestock Production, while Mark Stackhouse received 1st in Nursery Production and Jon Fulk for his secretary's book. Walter Keener placed 2nd in Dairy Production and Keith Lehman and Walter Keener entered their officer's books.

A 150 person banquet was held in

March with guest speaker, Joyce Scott from Otsego. Top awards at the banquet were given to Matt Bernhard for Chapter Star Farmer, Joe Durkin for Star Chapter Farmer, Steve Dinsmore for Greenhand, and the top FFA member was Mark Stackhouse.

Traveling to the State Convention in April were 24 members, parents, and guests. The delegates consisted of Jon Fulk and Walter Keener. While at State, Mark Stackhouse and Matt Bernhard received 2nd alternate in their proficiency areas. Jon Fulk and Matt both received their STATE Farmer Degree. Joe Durkin participated in the State Chorus at the convention for the 2nd year.

This has proven to be a successful year, and the members are anticipating a great summer.

Determined, Dynamic, and Distinguished

Julie Plemens shows her winning style at the Findlay Trojanette Classic competition.

Preparation for life through self-discipline learning to work with others and completing the task at hand.

This year's drill team was small with 10 girls, but they worked hard and well together learning more routines than other years and performing more. The Cougar-ettes learned 13 routines and performed at 18 halftimes for boys' J.V. and Varsity Basketball games. In competition they entered four categories

for six performances giving Crestview the highest competition ratings and placements ever.

The Drill Team traveled to Findlay High School on March 1 to compete in the Findlay Trojanette Classic. The Cougarettes qualified for state in all four categories they entered by placing 5th in

jazz, 4th in kick and pom-pom, and 1st in prop. For the state competition held at Otterbein College on March 8, the team concentrated on two entries, kick and jazz. They received a II rating in each. There were 28 entries in their division and only five I ratings were given. Those attending the competition were very proud of the way the Cougarettes performed and represented our school.

Amy Durbin was a member of the Statue of Liberty Drill Team last summer in New York. Stacy Robertson was a member of the Marching Auxiliaries Flag Corps in December in Texas, and on March 8, Stacy Robertson, Charleen Hunt, Missy Enzor, Jenny Clingan, and Kim Messer taught 50 Savannah Scouts a routine to "Private Number."

Congratulations on a good season!

We Couldn't Have
Accomplished So Much
Without Mr. Brand.

Crestview's concert season began in front of a standing-room-only crowd at the annual Christmas Concert. High school and junior high musicians alike enormously enjoyed successful days at the

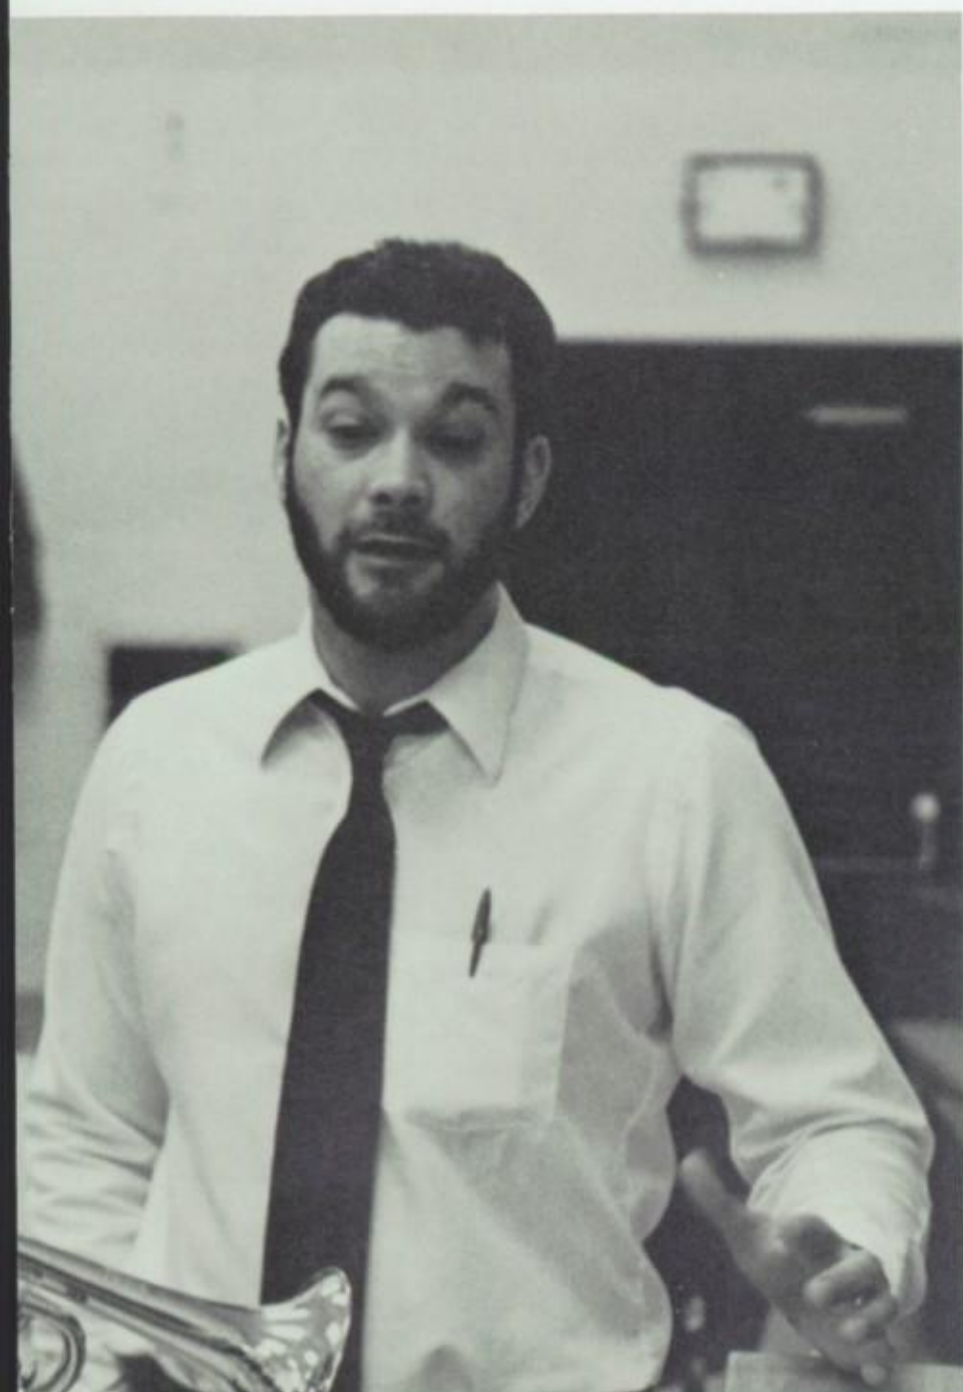

OMEA solo and ensemble contest.

The high school band contest saw our group receive its first I rating in sight-reading in the last 6 years. The band received an overall rating of

EXCELLENT (II). Jr. high bands also participated in competition, with the 8th grade receiving a I, and the 7th grade a very solid II.

The night choir program allowed students not able to schedule chorus the opportunity to participate. This made for a larger and improved group this year.

The bands closed the season with the traditional Memorial Day graduation and Cedar Point performances.

Crescent And Cougar's View

Making The Memories Last

The Crescent underwent major changes this year under the leadership of Editor Jon Fulk. Jon is a junior. Assisting were senior, Angie Rummel, copy editor; juniors; Angie Bond, layout editor; Chris Cox, photography editor; and Ed Jenney, advertising editor.

After changing printing companies the staff attended seminars on how to produce a better yearbook. The theme for this year's book is the "Year of the Cougar". Twenty-one members worked hard to make this year's book the best ever. This included many late night

work sessions. On May 7 the staff held its first banquet dinner, at which the editor was honored.

The newspaper staff worked on improving the quality of paper now in its second consecutive year. Brad Strong edited the Cou-

gar View with Mrs. Detrow acting as adviser. At dead lines, pizza parties were held to insure that everyone stayed to work. Selected members of the staff attended a workshop at the Mansfield News Journal.

Student Council started the year off by planning the Homecoming events, and dance. The theme this year was The Glory of Love, with decorations of red hearts,

and school colors of red, white, and black.

That being a success, Student Council moved on to the preparation of the Christmas Assembly. Mr. Bailey, and Jill

Cox were Mr. and Mrs. Claus this year. Admittance to the assembly was fifty cents, or a canned food for charity.

Next, Student Council planned a Semester Bash to give the students a break after semester exams.

The Student Council has representatives present at each School Board meeting, to keep the students informed on school issues. In final, the school year of 1986-87' was a success for Student Council events.

Setting Our Goals High

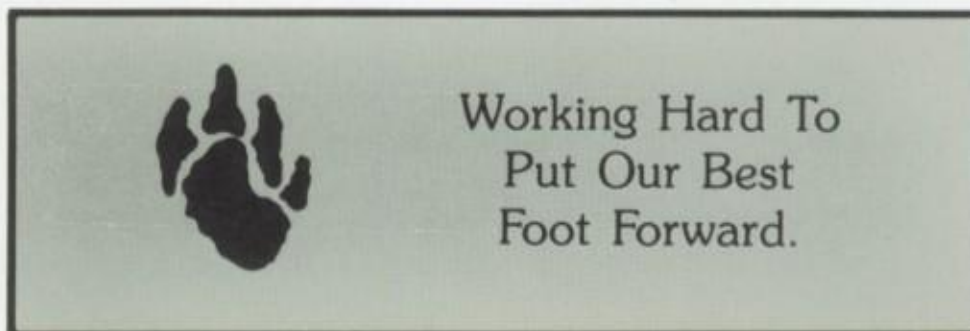

TAG And National Honor Society

The National Honor Society and the Talented and Gifted programs are both aimed at academic excellence.

These programs were introduced into Crestview so that the talented students would have something to do.

The Talented and Gifted program picks its students for things other than just good grades.

Students can choose from seminars about various topics to the Odyssey of the Mind competition. The Odyssey competition offers challenges. The problems range

from building a structure out of Balsa wood to making a car using a mouse trap. Their minds are also challenged by hypothetical questions which are a part of the competition.

The National Honor Society is more selective than the Talented and Gifted program. They choose their par-

ticipants more on the basis of their academic performance and leadership qualities.

Both of these programs have helped the school in its academic progress and provide the students with something else other than sports or band. Many students are involved in these endeavors.

Of A Good School
System.

There are 9 office aides working in the high school and junior high offices.

The office aides are chosen if they have a studyhall and if they generally have good grades.

Their job in the office is to greet people who come into the office, answer the telephones, run errands, run the office's duplicating machine, and read the morning announcements.

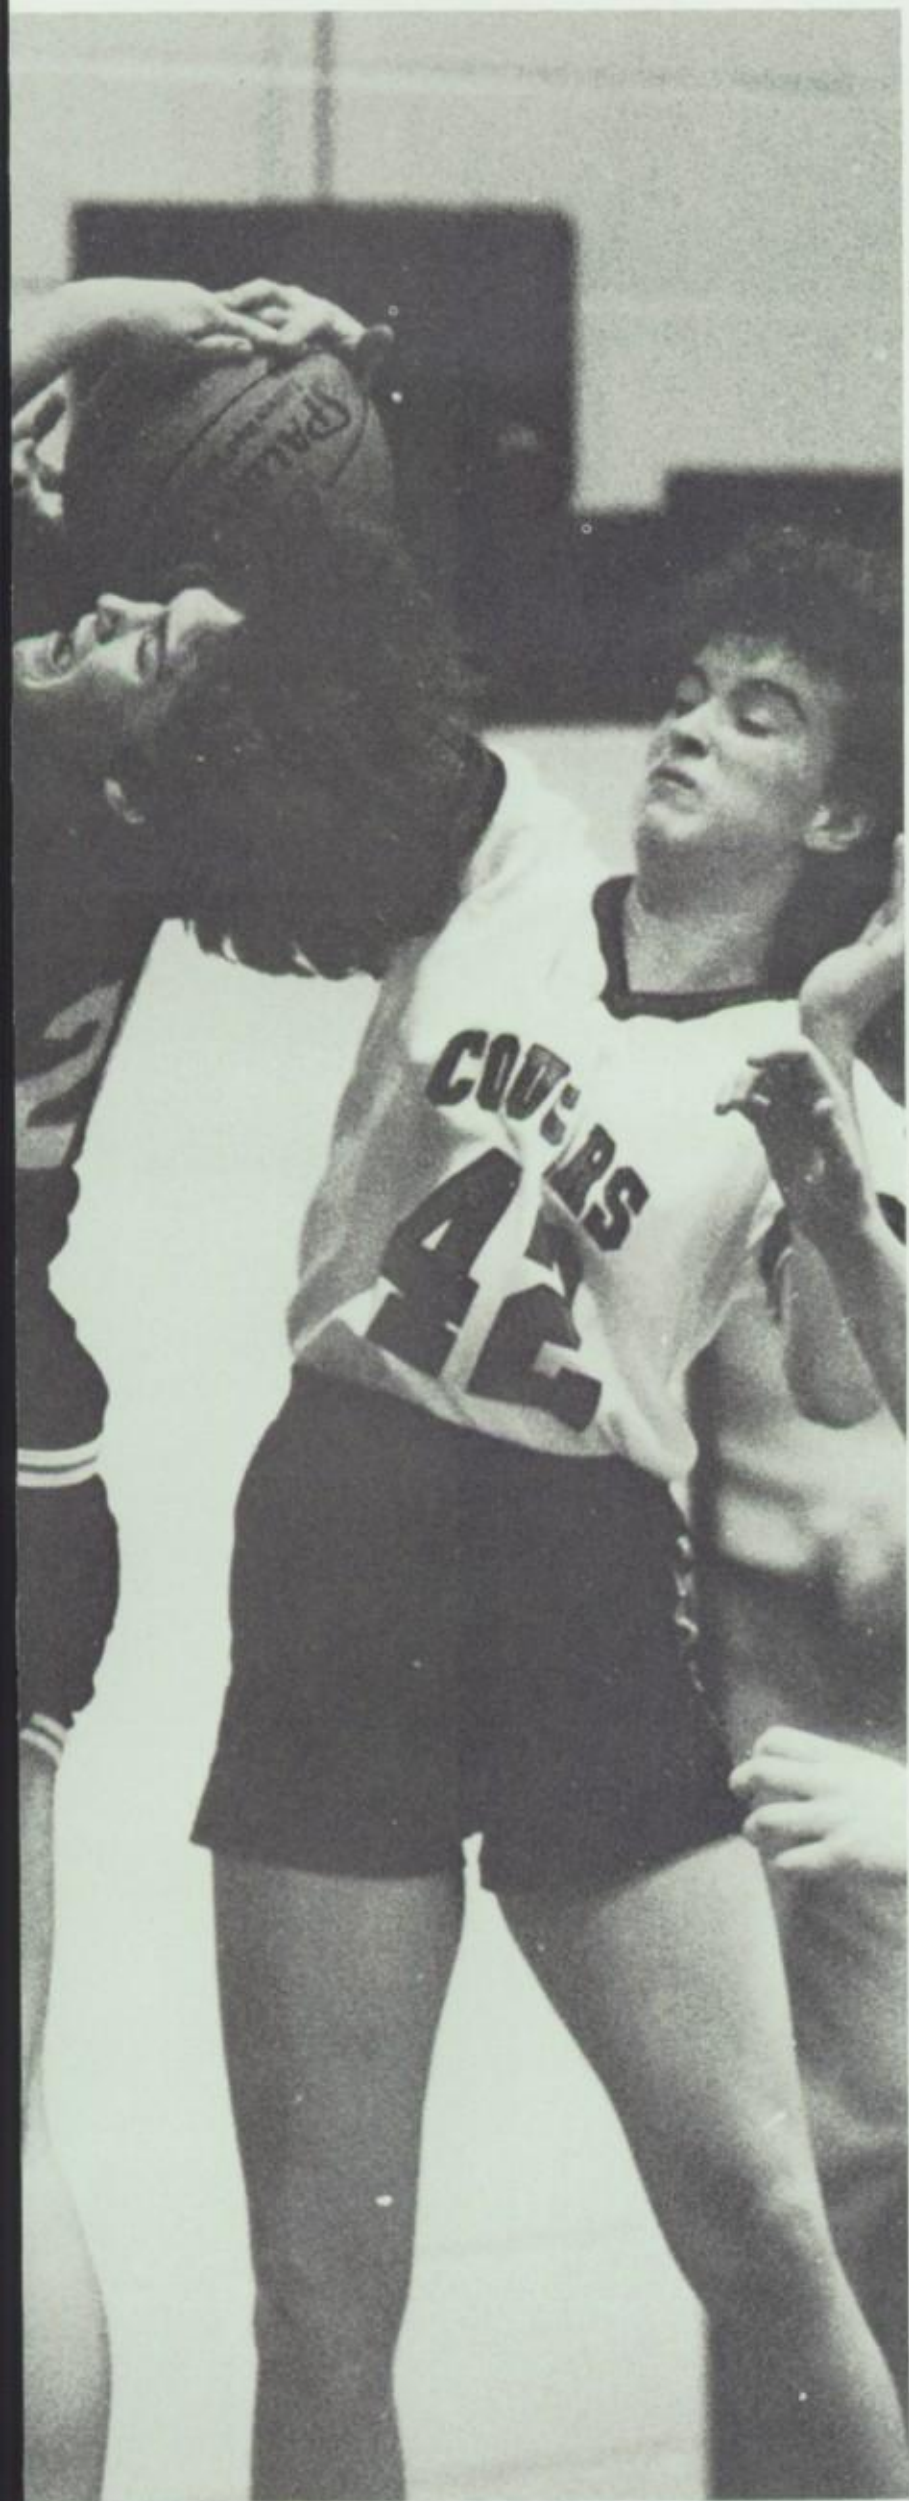

Twelve library aides help out during the school day. They make sure the books are arranged, help students find the books they need, and check books in and out.

They are chosen by Ms. Rogers, who gives them a qualification sheet to fill out. If they meet the qualifications and have some experience, they are chosen.

These students are a tremendous help to the faculty and students.

Seniors Matt Bernhard and Jim Phillips have been tagged as Crestview's "Dynamic Duo." With Matt's passing abilities and Jim's knack of getting to the football, they have combined to break 19 records and account for 2,108 yards. These two outstanding athletes led the Cougars to an explosive 9-1 season.

Moving Forth With Effort And Intensity

Players Give Excitement

In entering his second year as the Cougar's Head Football coach, Steve Gilbert felt confident that his team would do "Pretty Good." Although he was sure that the Cougars' attitude, strong Senior class leadership, and tremendous offensive line would lead them to attain the Firelands Conference Crown and advance to the State Playoffs, their only loss to Black River, on a stormy September night, kept that goal just out of reach. Despite that one setback, the Cougar football team had many accomplishments, including the thirty school records that were

broken.

One main concern was the punting and kicking game. Gilbert's worries didn't last long though, with the good feet of extra-point kicker, Scott Hershisier, who broke four school records; punter Matt Bernhard, who set the school punting average record; and kicker Bobby Williams.

The Cougars are excited about the upcoming football year because of the good foundation left by the previous team. This outstanding 1986 team has "Set a standard that future teams will be compared to."

The Young Prepare For Success

Stepping Up To Step Forward

The Cougar J.V. Football team had a tremendous winning season this year. They finished the season with a 7-1 record. The J.V. Cougars expectations at the beginning of the season were very uncertain. The team had a very positive attitude, and knew they wanted to accomplish good things.

Coach J. Radar, J.V. de-

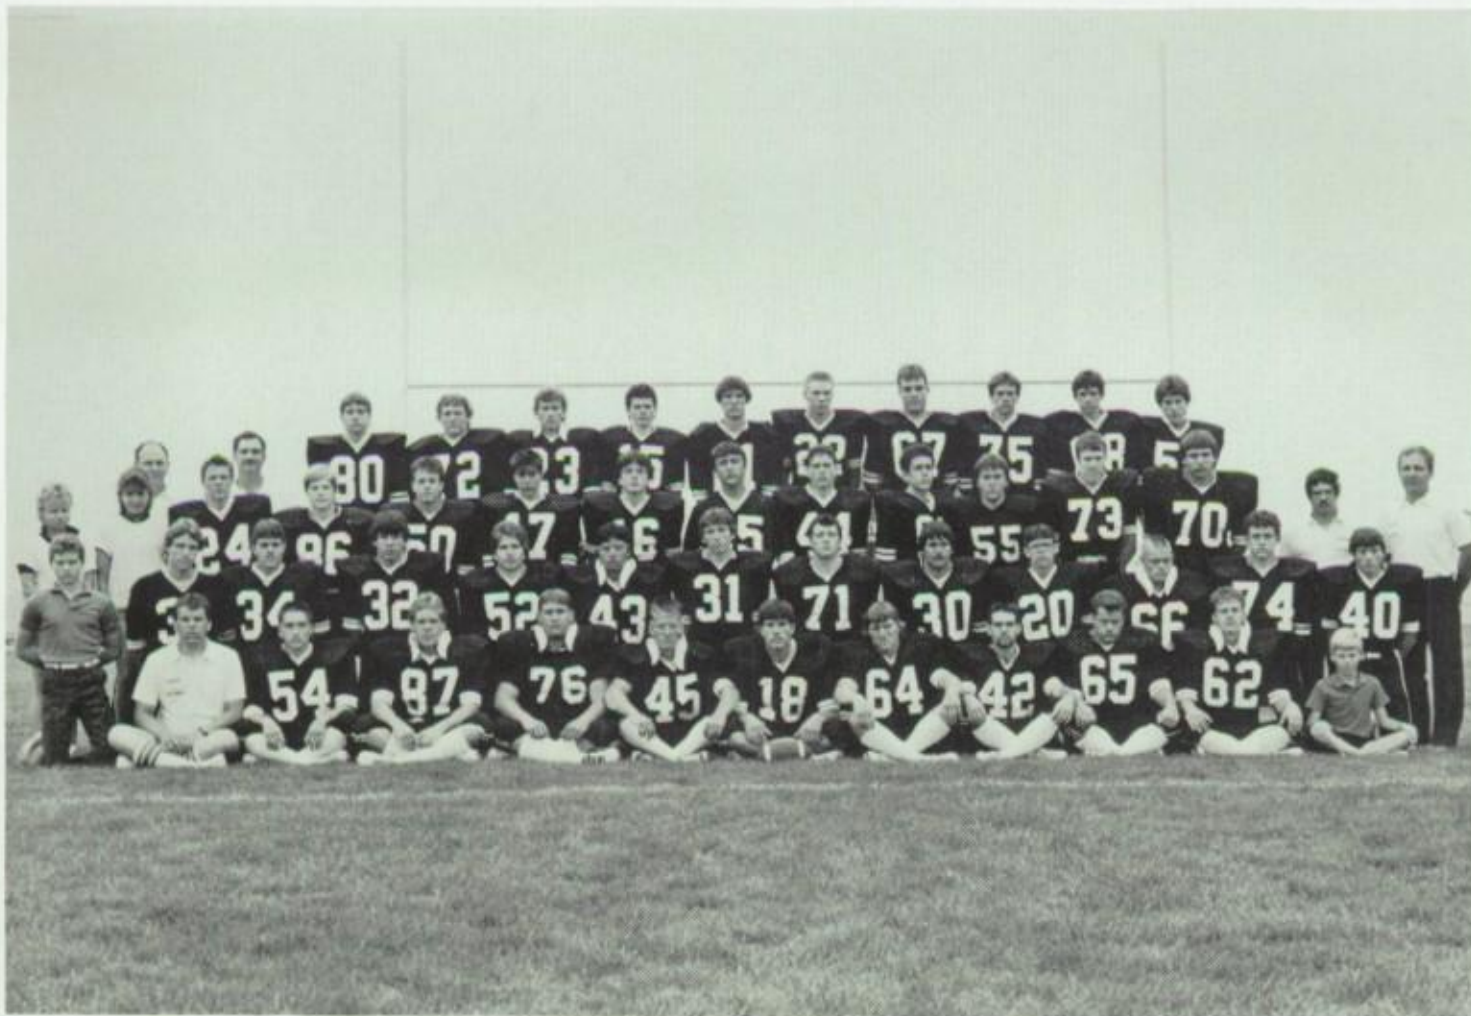

fensive coordinator, feels a major influence on the team was their want to play football, their intensity. He also feels there was constant, definite improvement in the teams performance all year. "Each game we called our best game ever, and each game we got better!" replied Mr. Radar. Everything seemed to click for the J.V.

team.

Mr. Radar feels it was a very satisfying season, with a good group of kids. The J.V. player's potential for Varsity football is very good. The key will be how hard the kids work in the off-season. The J.V. Cougars are excelling in the hope, and knowledge of future victories in Crestview Cougar Football.

Varsity Volleyball

Coachable And Competitive

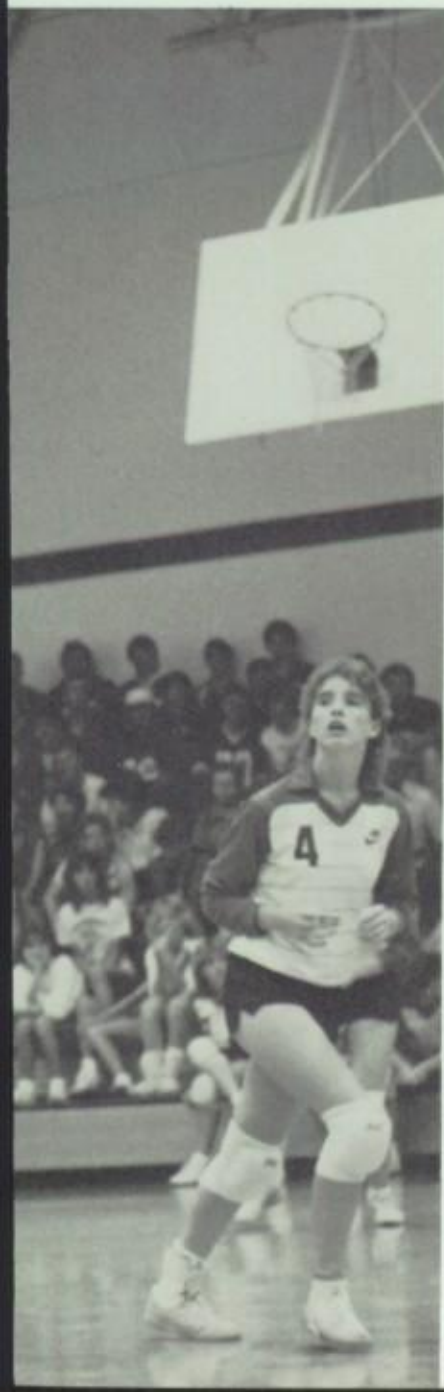

The Lady Cougar's number one goal for this past season was, "... to learn to respect each other and play the best you can every time on the floor," according to Coach Sue Subich. They had no problems reaching this goal.

The team's other main goal was to qualify for the state championships, which they accomplished last year. After defeating powerful Monroeville at sectionals, the Lady

Cougars were able to play at their home court at districts. At the district final match their goal became unattainable. The Cougars suffered a loss to Buckeye Central, bringing their season record to 18-8. They went 12-4 in the Firelands Conference. The Lady Cougars final state ranking was 15.

The 1986 season may be remembered "... as the year of frustration, due to the number of injuries to the varsity players," stated Miss Su-

bich. She also felt the season was successful due to the tremendous competitiveness of the players. "The 1986 Cougar team was one of the most coachable and competitive teams that I have had the pleasure to work with," commented Subich, the head coach of the volleyball team for 8 years. Her only regret is "... that this team never had a chance to play healthy and find out how good they really were."

Junior Varsity Cougars

The J.V. Volleyball team learned the fundamentals of the game and gained valuable playing experience this season.

In the games they showed a lot of consideration and enthusiasm toward one another and the game.

I felt and saw the girls' confidence grow by every play. When they lost they never lost faith and tried that much harder to win the next game.

We as people could learn a lot from their courage and consideration for others.

"They will be looking forward to the 1987 volleyball season," said Coach Klaus.

Leading Crestview To An Excellent Season Spirit Leaders

The cheerleaders started practice in August for an unbelievable football season. They had attended the American Cheerleading Association Camp held at Ashland College, where they learned new chants and cheers. They were lead by Mrs. Beckett, the cheerleading advisor, who worked them hard at practice.

Due to rain, the bonfire that was scheduled for the Homecoming game was cancelled, but they were successful at having the bonfire on Thursday night before the Danbury Lakeside game. The senior volleyball players were in a contest that consisted of eating crackers, and then attempting to blow up a piece of bubblegum. The senior volleyball players then threw

whipped cream pies into the faces of six senior football players.

The cheerleaders had a pep rally for the South Central game. They performed "Tricky" by Run-DMC and had a piggyback race for all of the senior football players. Then they gave them their pizza eating contest that they deserved.

On the night of the South Central game, the cheerleaders dressed up in Halloween costumes since it was Halloween night. They hope to have started a tradition that every year, the cheerleaders will dress up in costumes on Halloween night.

Third In Fireland's Conference Valuable Varsity

The 1986-87 edition of the Cougar Boys basketball team was very successful as they wound up with a 12-8 record. The twelve wins were the 5th highest in the school's history. A Firelands Conference record of 11-5 was good enough for third place in the 9-team league. The team ended up 3 games out of 1st place, though they did defeat the league champions in their gym early in the season. This year's edition was led by Seniors Matt Bernhard and Steve Vipperman. Both averaged about 18 points per game and provided leader-

ship as well as offensive punch. Matt was chosen 1st team all-league and Steve was voted to the 2nd team. Al Wheeler also scored in double figures, and Jim Phillips was the leading rebounder on the team. Juniors who played a prominent role in the team's success were Todd Strickland, Dan Wolford, Don Dudley, and Walter Keener. Kevin Pelton was an important contributor off the bench as a senior.

The team has a lot to be proud of, as this was only the 10th winning season in the 25 years of Crestview H.S. With

the nucleus returning, Crestview has a lot to look forward to next year.

These five seniors have spent their high school years playing basketball together. While playing, they have created many memories and learned many things about life. Some of the values of life they have learned are: "Winning off the court is just as important as winning on the court. Life itself is a game, but if we give 110%, we're all winners." — Steve Vipperman. "... patience and to never get yourself down. No matter how hard the times are, it isn't as bad as it may seem. Just be patient and everything will fall in place." — Kevin Pelton. Some of the things Matt Bernhard says he will remember are: the sectional tournament his sophomore year, the Lucas and Plymouth wins his junior year, and, of course, all five guys will always remember their senior season.

The JV and Freshmen Basketball Teams, with records of 8-10, 6-9, have much room for improvement, but with goals such as working together and staying together as a team, and considering the talent and potential of these young athletes, they should prove to be a great asset to

the future CHS basketball teams.

The Freshmen steadily improved and matured as the season progressed both on and off the court. They applied both their skills and team work to accomplish their goals.

The JV players finished

with high averages and percentages. Tim Selick, Joe Durkin, Jim King, and Scott Durbin were among those who finished on top.

We look forward to seeing these fine athletes improve more and lead on and off the basketball court.

Wes Kuhn and Steve Dinsmore are two of the outstanding players for the Freshmen Basketball Team. For Steve, being a part of the five regular starters has really meant alot, and Wes' most inspiring moment was the Western Reserve game when they had scored only one point by half-time. "Mr. Bernhard had a long talk. He told us about what we looked like (and), he said, that we were better than that and that we should win." The team, although they lost, came back to score 32 more points.

A Few Young Ladies Took a Challenge and Succeeded

A Shot at Success

At the beginning of the season, who would have thought that the Lady Cougars would finish above .500, make the finals of the Holiday Tournament, and the Sectional Finals? The answer, a coach, about nine girls, and a few loyal fans (mainly parents). One problem the team faced was lack of participation. There were girls who showed up for a couple of practices, then quit. If those few would have stayed with the team, there would have been a Junior Varsity team. Because of this, the younger inexperienced players were the backups for the Varsity, and therefore, did not get much playing time in. Despite these circumstances, the team went on to a 12-10 season.

Probably the best game played was against Mapleton in the Holiday Tournament. The hardest fought game was

against South Central at the Sectionals, and the worst game played during the season was against Western Reserve.

Overall, most of the coach's goals were met. They were: to have fun playing together as a team, and to overcome the lack of experience.

Congratulations on a fine season Lady Cougars!

My most memorable moment in basketball would have to be the 1985-86 Holiday Tournament. We were playing Mapleton, I was fouled on a rebound with no time left on the clock, we were down by one point and I was on the foul line shooting a one and one. I can still remember the ball hitting the back of the rim, then hitting the front of the rim, then bouncing out.

Tim Enzor and Steve Glaze were the only Senior wrestlers, but what a pair! They were both named "Most Valuable Wrestlers of the Year." Tim said that his four years at Crestview as a wrestler were "fun" and a "good experience". He liked meeting new people also. Steve said, "It was hard work but a very good experience." They both plan to wrestle in college but not until after their freshman year.

Mark McCormick takes a break at the J. C. Gorman Tournament. This was Mark's first year at wrestling. He used to play basketball. Mark wrestled at 138. This is a tough weight to start at, but Mark did a fine job.

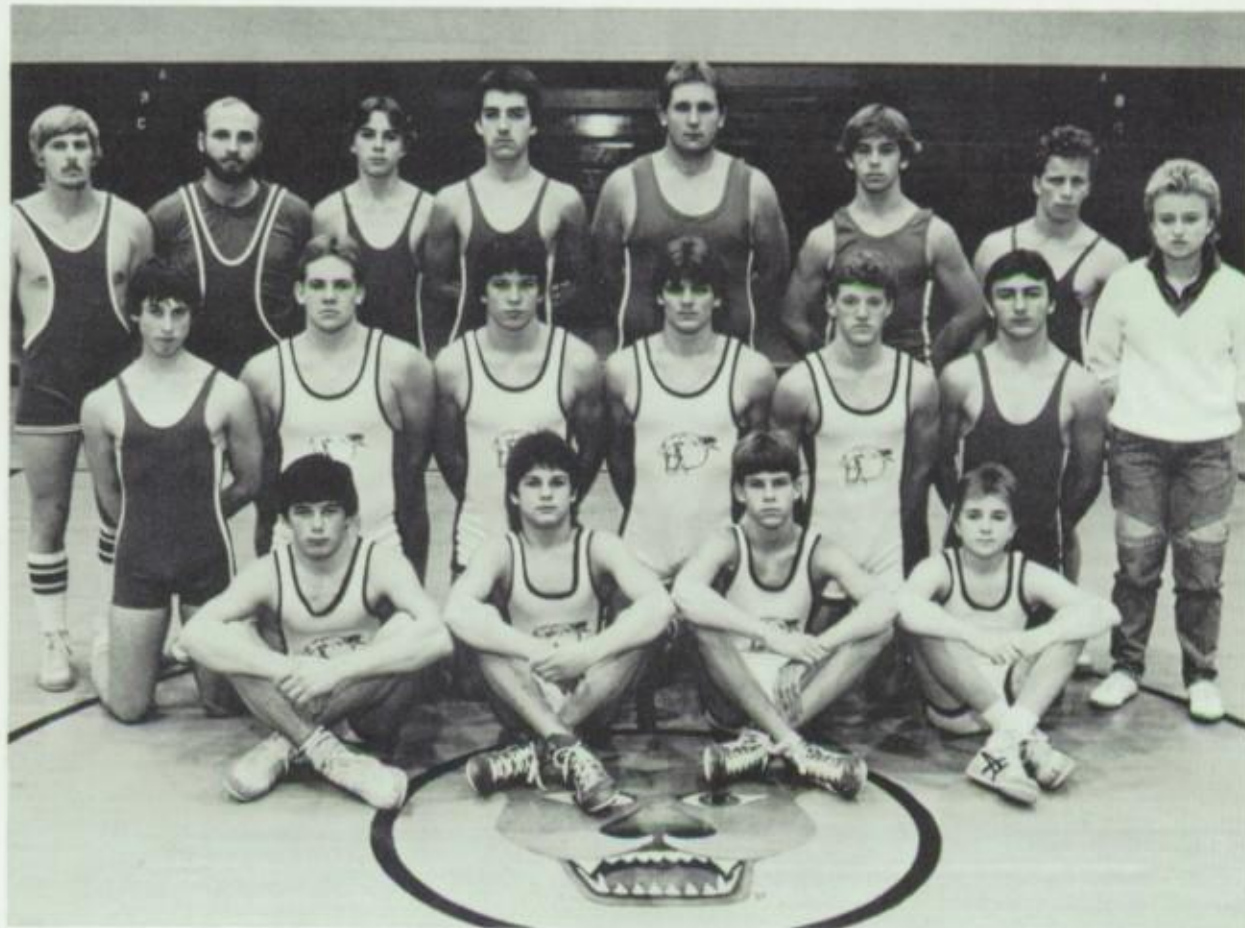

Tim Enzor wrestled Dean Burk in the state meet. Tim holds 2 school records. He finished his career at a record of 87-28.

Wrestlers Pin Down Victories

The Varsity Wrestling Team posted a dual meet record of 3-7 this season. The highlight of the season came at the Firelands Conference Tournament where the wrestling team finished 3rd with 3 conference champs. The conference champs were: Tim

Eagle, Ward Ulery, and Steve Glaze. Tim Enzor qualified to the state meet and holds two school records: career take-downs (154) and season take-downs (66). Tim Enzor finished his career at Crestview with a record of 87-28 and Steve Glaze finished with a

record of 75-25-1. I'd like to thank tim and Steve for the 4 years of wrestling and wish them the best of luck in the future. I'm looking forward toward seeing the other guys go out for the next season.

Offensive Player - Kerry Hart

Defensive Player - Mike Stormer

Coach Jim King, who has a background of coaching little league teams for the past 10 years, took over as the varsity baseball coach. What a first year! Coach King was very proud of his boys as they became Co-Conference Champions for the first time ever.

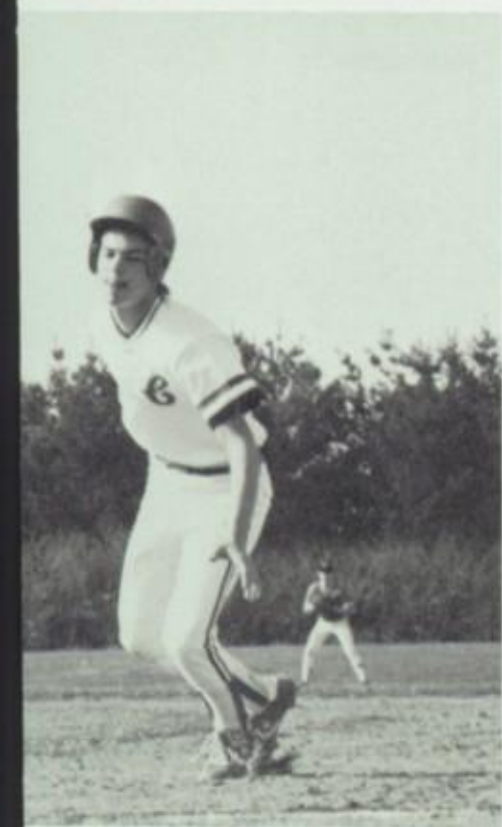

Our ace pitcher, Jim King, delivered a 5-0 record for the 1987 season and came through with back to back wins when we desperately needed them.

Helping the team along to another win is Gregg Kaple using his base running talent.

Mike Stormer led off first base a little too soon and is trying to make it back.

Lady Cougar Softball

Intense Defense!

The 1987 girls' softball team finished with their best record ever in three years of playing at 15-6. The team also won their second straight Firelands Conference Championship with a 6-2 league record. Sixteen girls participated on the team with 7 returning lettermen. Mike Enzor acted as the assistant coach. Coach Radar felt that do-

ing well depended on a strong defense and playing with intensity. After each game the team met at second base to discuss their performance. Sometimes the talk was excited with victory, sometimes encouraging after a defeat.

The softball team placed 7 players on the All Firelands Conference team with 4 on

the first team, 2 on the second team, and 1 honorable mention. Coach Radar was named Firelands Conference Coach of the year for the second consecutive year. In tournament play, the Cougars lost a heartbreaker to Buckeye Central after nine innings of action at sectionals.

District Runner-Up Striding To Victory

Although this year's team was not large, what they didn't have in size they made up in quality. The team consisted of 3 seniors, 8 juniors, 4 sophomores and 2 freshmen.

The season began nicely with Crestview being the **Single A Champs** and coming in 3rd overall at the Lokota Invitational. At the Crestview Invitational the new track was dedicated on May 2. At this meet, Crestview came in a close 2nd. At districts Crestview received another 2nd for their strong efforts. Nine

guys went on to regionals. Out of those 9, 5 were to go on to state. At the state meet, pole vaulter, Gary Dudley vaulted 13' 3", which got him 3rd place, while John Meeting high jumped 6' 6" for 2nd place. John Conley ran the 800 m. run and came in 6th place. Also at the state meet was the 1600 m. relay team consisting of Gary Dudley, Dan Wolford, Dave Dudley and John Conley.

The guys also succeeded in breaking several school records. Dusty Lowery broke records in the 1600 m. run

and the 3200 m. run, while John Meeting tied the high jump record. Gary Dudley established a record in the 300 m. intermediate hurdles.

Crestview can be proud of this year's track and field team.

The 3 seniors on the team were Gary Dudley, Dusty Lowery, and Stanton Boyce. Gary was 3rd in the state in pole vaulting and was on the 1600 m. relay team. Dusty holds records in the 1600 m. run of 4:26.2 and the 3200 m. run of 9:57.6. He advanced to regionals in both events. Stanton's primary events were the 100 m. dash, 200 m. dash and 400 m. relay. The 400 m. relay also advanced to the regionals.

Dusty Lowery runs the mile at Wynford.

John Conley and Gary Dudley participate in the state meet in the 800 m. run and pole vault respectively, while Dan Wolford and Dave Dudley practice their mile relay exchange.

John Meeting clears the high jump.

Laurie Kruso and Carrie Cordrey are shown running the mile at the Wynford Invitational. Carrie turned in her best run against South Central, and Laurie at the 1st annual Crestview Invitational.

Julie Daron was the only girl who tried the high jump this season. Her best jump was 4' 4½" against South Central.

Amy Stine was at her best at the district meet where she threw the shot 33'. Unfortunately her throw was not in the top four, and she didn't get to go to the regionals.

Freshman Are The Key To The Future.

Cougar Tracksters

After having a team in 1986 that consisted of 7 girls who thought that the team would increase to 14? The team consisted of 9 freshmen, 2 sophomores, and 3 juniors. Although the team was young, it was a positive learning experience for all.

Since the girls were young, they lacked speed, strength, and experience necessary for consistent placing. Beth Bowman led the team and

set a new school record in the 400 meter dash; the record had been previously held by Stephanie Randleman. Beth's new record time is 62.1 seconds. Another exciting event was when our 1600 meter relay team won the event at the District Meet. The girls could not repeat their performances the next week at Regionals.

Beth Bowman was the leader of the team. Beth anchored two relay teams and ran the 400 meter dash.

Deanne Allen ran the 200 meter dash and participated in the 1600, 800, and 400 meter relays

Front Row: Amy Stine, Lanette Huff, Carrie Cordrey, Beth Bowman, Chris Cox, Julie Daron, Tara Nolen. **Second Row:** Coach Craig Wiley, Laurie Kruso, Jessica Bowles, Cherida Cline, Jenny Amick, April Case, Lori Stephens, Stacey Blust, Coach Forrest Pruner.

Always One Step Ahead

Crossin' The Country In '86

The Cougar Cross Country team had a very successful season. As Coach Pruner said, "This was probably one of the easiest seasons to coach. There were hardly any injuries, and overall, they were just a very coachable team."

This year's team was headed up by three seniors, Gary Dudley, Tim Enzor, and Dusty Lowery, Captain. Coach Pruner feels that the improvement of next year's team depends on what they do in the off-season.

"The 1986 team's attitude was great, but we just could not get our top five to do well the same day," said Coach Pruner.

The boy's team ended their season with a 6-3 dual meet. Dusty Lowery, the team captain, placed 16th at Regional competition with a time of 17:06.

The two Lady Cougars, Jenny Amick and Laurie Kruso, finished their season at Districts. Both girls got their personal bests at the conference meet at Western Reserve. When Coach Pruner was asked how he felt about girls participation, he said, "The more girls there are, the better! Girls are missing something that they could enjoy; once you're in shape it's easy."

We should all be proud of our Cross-Country runners

because they work very hard and represent the school in the highest manner. Congratulations on a great season!!

Senior team Captain, Dusty Lowery, headed the 1986 edition of the Cougar Cross Country team. Dusty ran his best race this year at the Western Reserve course; his time was 16:35. That time of 16:35 was only off Tim Bernhard's school record by 3 seconds. He had a successful season, and is preparing for the upcoming track season. Congratulations on a fine season Dusty!!

You Give Love A Bad Name

An angel's smile is what you sell
 You promise me heaven, then put me through hell
 Chains of love got a hold on me
 When passion's a prison, you can't break free
 You're a loaded gun
 There's nowhere to run
 No one can save me
 The damage is done
 Shot through the heart
 And you're to blame
 And you give love a bad name
 I play my part and you play your game
 You give love a bad name
 You paint your smile on your lips
 Blood red nails on your fingertips
 A school boy's dream, you act so shy
 Your very first kiss was your kiss goodbye

One Monday morning I over slept. After I finally got up, I threw up on the dog and had to give him a bath. Then after I finished with the dog, my goldfish died. So I had to bury it. It was now 10:00 a.m., and I went out to my car. It would not start, and it had a flat tire. I had to ask my Mom if I could use her car. I finally got started at 10:30. On the way to school there was an accident, and I had to wait to get through. After I got through and got a little bit closer to the school, I hit a dog. The car would not run after hitting the dog, so I had to walk. I started to walk the rest of the way to school when I met a friend who had gone out to breakfast. We rode on toward the school, and there was this cow in the road. We had to wait for it to move. When we finally got to the school, we both used the excuse "needed at home" because we figured that nobody would believe us.

1974 To 1987, A Look Back

Back in September of 1974, over 100 students started at the elementary schools, Savannah and Union. While we were in kindergarten, the Watergate Scandal was just being uncovered. From the controversy over President Richard Nixon's tapes, to Nixon resigning, and Gerald Ford becoming the new president of the United States.

Our first grade year consisted of learning to read, to write, and how to do arithmetic. We went full days which got tiring at times, and we had two recesses a day to get away from doing so much schoolwork.

During the end of first grade and the beginning of second grade, the United States celebrated its Bicentennial, and Jimmy Carter became president.

During the winter of our third grade year, Northeastern Ohio was hit by a blizzard and we missed a week of school. We were moved to the high

school in the afternoons because of the energy crisis for about a month.

In sixth grade, we did many things. We went to Outdoor Education at Inspiration Hills with Mapleton and Ashland schools for four days, where we went hiking, learned about nature, and met a lot of new friends. We also met the students at the other elementary school when we had our music concert with both elementaries combined. Ronald Reagan was elected president and then an assassination attempt was made on his life.

We started junior high and got to know everybody from the other elementary.

In 1983, we started high school, attending sports functions, homecoming dance and other activities. We were happy as long as we were with our friends.

34 of our students decided to go to Pioneer to study in special fields.

Our Junior-Senior Prom was a success. We had a lot of fun decorating for the prom and enjoyed having the prom in the gym. We had a lot of fun at post-prom, where it was held in Mansfield at the raquetball club. The space shuttle tragedy happened during January of our junior year and the entire nation was in mourning. Six astronauts and one schoolteacher were killed on impact when the shuttle exploded.

Some events that happened during our senior year was that the United States bombed Libya; officials in the U.S. Government sold arms to Iran; and AID's became a major worry as actor Rock Hudson died of them.

We graduated June 7, 1987, with Senior Awards night being held on June 5, 1987. Thirteen years has come to a close and the Class of 1987 is shutting the doors, moving on to other areas of life.

Class Of 1987

Cheerful, Tearful Graduation

Chris See happily thinks "I finally made it!"

June 7 was the last day that the entire Senior Class of 1987 gathered together as a class. It was the day that everyone had talked about all year, and then it finally came. Graduation was a day that brought bitter-sweet feelings as we said good-bye to our high school days and looked forward to what the future would hold.

It was a beautiful day for a graduation as we Seniors gathered in the Junior High study hall to get ready for that final walk together to receive our diplomas. The day was filled with both laughter and tears. Laughter as we fought with the wind in trying to keep our caps on our heads, as jokes were made, and as our nervous jitters led way to the release of little giggles. Tears, as we realized that graduation day was really here and that in a few very short minutes it would all be over.

We were lead to the football field by the Junior class officers, Mrs. Huber, and Mr. Bailey, where our

family and friends awaited us to share in this memorable day. After we marched to our seats and took our places, we remained standing for the invocation that was led by the Reverend Gary Pollock. We were then seated by our Senior Class President, Matt Bernhard, who then proceeded to give the class address.

Matt talked about the fun times we had together, the memories we shared, and the support we had given each other through both our achievements and disappointments. He said that these were the times and the people that we would remember the most after graduation and throughout our life times.

Our Vice President, Stanton Boyce, then introduced our guest speaker, Mr. Steve Gilbert. Mr. Gilbert told us seniors that we were entering the real world and that we were now responsible for ourselves and what we did with our future.

Mr. Ziegelhofer, our principal,

then presented our class to the school board and Mr. John Steward, School Board President, presented us with our diplomas. It was a joyous moment for all to receive that diploma, but especially for Angie Miller who walked up to receive hers.

Missy Duncan and Angie Rummell our class secretary and treasurer, led us in the traditional tassel turn. We then stood for benediction.

One part left out of our graduation was the recession. Everyone was so excited after having thrown our caps into the air that we spent that time getting a few last minute hugs and saying good-bye to those teachers and friends that were so special to us at CHS.

What a day! I still can't believe its over, but as I travel down the path to my future, I will always remember June 7, 1987, and the many people and much hard work that made it all possible.

Andrea Roose, tearful as she hugs a fellow graduate.

Working Towards Future Jobs

Lynn Silvert is practicing her roller-set for an anticipated grade. She plans on owning her own beauty shop someday.

You can tell that Charlene Lemaster and Lynn Couch really enjoy their work in the Child Care Program.

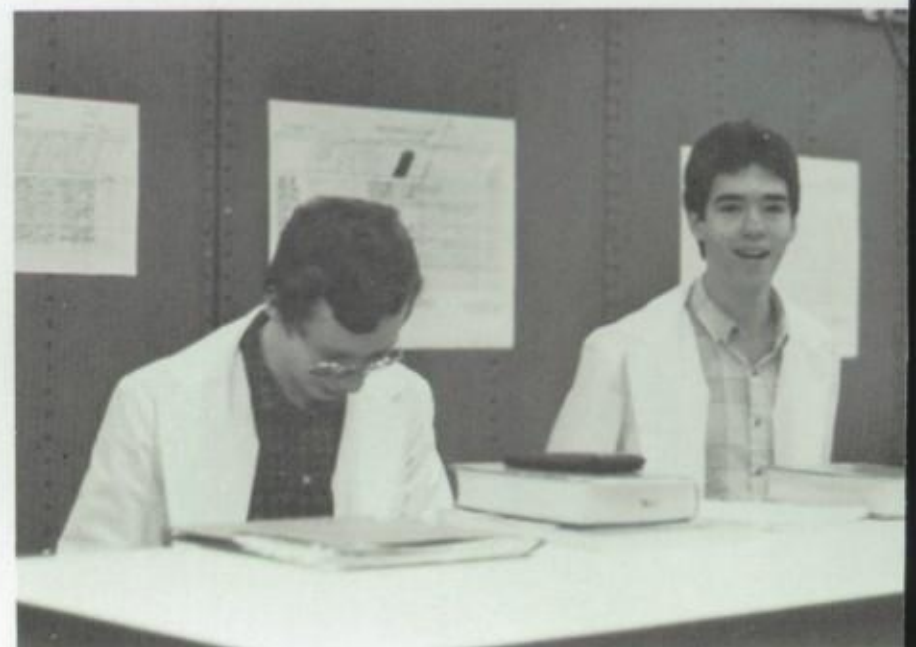

Dave Dudley is at the controls of a metal lathe as Greg Kaple, Paul Cross, Rob Ramsey, and Randy Hartman observe in their Machines Trades class.

Mary Ann Evans and Teresa Nabors have been trained as receptionists to answer the telephone, use the computer, and do many other office jobs.

Having done all calculations and circuit setups for this experiment, Pat Cline and Arnie Clawson are now ready to further extend their horizons in electronic knowledge.

At Pioneer

Ann Roberts and Carrie Cordrey really enjoy their Medical/Dental class at Pioneer. The skills that Carrie has learned will help her become a physical therapist.

David Robertson and Joe Dove watch Jim Stone applying his safety instructions while working with a power tool in Carpentry.

Carla Hissong and a Shelby student are transplanting bedding plants for their summer sales. Carla's future plans are in floral design.

Nate Lyons is working intensively on one of his projects.

The best part of Susan McKenzie's training at Pioneer was learning how to computerize her accounting. She plans on keeping her accounting job with a division of General Motors after graduation.

Juniors: Sometimes Serious

Crestview's junior class started out differently this year. Only about one-half of the class remained at Crestview. Many students went to Pioneer, separating longtime and very close friends. Those that stayed would begin seriously preparing for college or other areas.

As Juniors, the class is very glad they have only one year to go before

graduation. This year has been very busy. At the beginning, Beth Bowman and Dan Logan were crowned Queen and King at Homecoming.

To add to the class treasury, we sold candy bars so we could have the best prom ever.

Here's looking forward to the greatest Senior year ever.

People dress the way they do for a variety of reasons as was found out by a brief survey conducted in the Crestview student body. Some people try to express themselves by the way they dress. Often times people dress to be comfortable. A number of people in the survey said they dressed to impress or they tried to keep up with the current trends and fashions. The students also dress as they do to look good and attract the opposite sex, or as one student said, to look "sexy, seductive, and suptuous."

Biology 2 lab may involve many different aspects of nature. Holding their fetal pig after dissection are Linda Furman and Ed Jenny.

When the class of '89 entered Junior High School, our graduation seemed so very far away.

Well, here we are, with two years to go, and counting the days.

When we were asked to make a decision to attend P.J.V.S., or stay at C.H.S., our friends were often called upon. We asked for their advice. Now we are being asked to make our own decisions.

It's often tough, but we're finding the strength and mak-

ing these decisions. We are doing it on our own knowledge of what we want in life.

So, we're saying good-luck in your decisions and a special good-luck to those attending P.J.V.S.

Good-Luck Class of 1989!!

Summer is a time of fun in the sun. Kids are out of school and putting all their enthusiasm and energy toward fun and relaxation.

When briefly inte-

viewed, some sophomores were asked this question: "If you could go anywhere this summer, where would you go?" Some of the most popular responses

were:

— Exotic islands such as St. Thomas in the Virgin Islands, and the Hawaiian Islands.

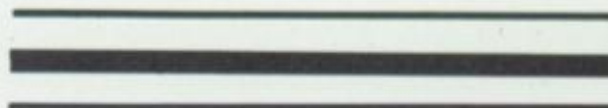

— Amusement parks including Walt Disney World in Florida, and Cedar Point.

— When not leaving home, sports activities such as swimming, softball, and basketball were popular.

— Looking back on the summer of '87, what did you do? Did all your dreams come true? We hope they did and that it was even better than you expected.

One Down - Three To Go

Being a Freshman has its ups and downs. At first, going into high school was a pretty big thing. You know you're going to have more responsibilities, and the teachers will expect more out of you. It's also the first time you really get to make decisions about your future.

Sometimes, the upper-classmen have a tendency to look down on you. They tease you, and at practices, they make you do the dirty work. After they get to know you, though, they don't treat you like they used too, and they accept you. Soon, you may even discover friendships with these same people who used to laugh at you. You might also find out things about your own classmates that you never knew before. This brings a lot of people closer together.

Wombmates

Have you ever wondered what it would be like to have a twin? The Freshmen class is lucky enough to have two sets of twins. Kurt and Kory Klier and Melinda and Michele Sprang all agreed that the best thing about being twins was there was always someone there to talk to, when asked in an interview. All four said they feel competition between each other.

The eighth grade girls volleyball team had an unbelievable record at 12-7 this year. They were a really great team who worked well together. There is a lot of talent in this group of girls who should go really far in high school, on the floor and in the classroom.

Mark and Angie playing the drums in band. They were also involved with playing in the Pep Band during the varsity home basketball games.

Chris playing a game of basketball in gym class. He was also a member of the seventh grade boys basketball team and practiced hard at being good.

Stepping Into A New Pace

Mr. Burns was the seventh grade girls basketball coach for the first time. He found it challenging to teach the girls the basics of basketball and had a lot of fun doing it. The girls were cheering after a well fought victory.

STUDENT TAKES ACTION: Troy Magers took action this year to change a School Board regulation dealing with freshmen attendance at the prom. He felt the regulation was unfair, and freshmen through seniors should be permitted to attend the prom with a junior or senior.

Troy wrote a speech on his opinion dealing with this issue. He presented it to the School Board at the March 9 meeting. The Board decided to make the allowance of freshmen attending the prom a new regulation. Pictured are freshman Kory Klier, and senior Allen Wheeler.

In April of 1985, Dick Dudley proposed the idea of a rubberized track. The school board gave its approval at its' June 3, 1985, meeting. Currently 506 individuals, groups, and business donors have donated financially to the new track. In addition, the track committee held several money-making projects, such as: selling a meter of the track for \$10, a raffle, and the summer track festival.

During the summer of 1986, the KoKosing Paving Company laid the new all-weather track. The track cost approximately \$66,000. and consists of 2½ inches of asphalt and about one inch of rubber.

Thanks to all who had a part in realizing this dream.

Adriana Maria Rivera was our foreign exchange student from Medellin, Colombia. She came to America through "International Fellowship."

Adriana comes from a family of five. She has a sister, age 10 and a brother, age 5. At 16, she graduated from a private all girls Catholic school. Here at Crestview, she will graduate with the Class of 1987.

Andriana hopes that by coming to America, and learning the English language, her career as a designer will be helped.

While Andriana was here, she lived with Jeannie and Tim Dotson and family.

The idea to paint "Cougars" on the gym walls came from booster members Jim and Willa King. They asked Mr. Staley, the art teacher, to design and paint the cougars.

The original drawings took Mr. Staley two months. The drawings were taken from pictures that Mr. Staley had taken from the Columbus Zoo.

It took Mr. Staley, and five volunteers, approximately 25 hours to paint the cougars.

Mr. Staley did the paintings for the booster club out of gratitude for their endless support to our sports programs.

A new course was offered at Crestview High School for juniors and seniors called Graphics Arts. The class, taught by Mr. Wiley, covers many different aspects in the Graphic Arts field. Students do projects in film processing, use of the letter press, silk screening, binding of books, offset printing, and working with other tools of the trade.

The purpose of the course was to educate the students in the many career choices in the graphic arts field.

BODY SCULPTURE

Mr. Staley, art teacher, decided to try something new in sculpture. His Art III class experimented with creating sculptures which are cast from body parts. The idea came from the famous artist, George Segal. Segal makes human sculptures from plaster, using actual posed humans as molds.

Offering to be the first victim, Mr. Staley put Vaseline on his face and hair to protect it from the plaster. Rachel Sheller and Scott Powers dipped plaster gauze into water and molded them to Mr. Staley's faces as seen by the pictures shown here.

Molds like the one shown on Mr. Staley can be used for a variety of purposes. In this case it shows the gesture of the figure. The molds can be used in sculpture such as in Segal's work or for things such as multi-media work. Another process would be to push clay into the mold. When the hardened clay is pulled from the mold there would be a relief of the face showing every wrinkle and hair. The finished cast is considered artwork itself but it can also be mixed with any other medium to enhance the creativity and add charisma to the work.

LOOKING BACK

Looking back through the years,

Where has time gone?

There were smiles and tears,

Is it time to go on?

Looking back as friendships grew,

With each passing day,

As if we knew,

It wouldn't always be this way.

Looking back at good times,

There were so many.

We never saw the goodbye signs,

We never thought of any.

Looking back through the years,

Where as time gone?

There were smiles and tears,

It is time to go on.
